

Clubs Web Portal

Chirag Khurana
2016csb1037@iitrpr.ac.in

I. OBJECTIVE

To make a web portal for various clubs of our institute. Through which each member will be officially registered and we will have records of whats going on, who did what, what is pending, etc.

II. DESIGN

It will be like Facebook except chatting. It will have-

- News Feed
- Users (can log-in with Google)
- Club Representatives
- Membership Request (will be accepted by Representatives)
- Subscription to the channels of the club for public
- Projects under the club
- Notifications
- Feedback

It can be further extended for Android app with same features.

III. SCHEMA
